BRUNNEN 
ANNUAL CONVENTION

2019
22 - 24 MAY

The company Kubo Tech is proud to be the host for the event in 2019 and the Team is happy to welcome you in Switzerland.

Urs

Dear members,

Welcome to the **2019 EUSGA** convention!

This edition is very special for me, since it will be my last year as president of this association. It has been an honour to have been all these years in the **presidency of EUSGA** and I hope that I have succeeded in meeting all your expectations.

As it is my last year I wanted to create something special for this edition, taking you to my native **Switzerland**, at Lucerne's lake in the location of **Brunnen**.

Going away from the cities chosen annually, this year I have opted for idyllic surroundings, between gorgeous mountains and the lake.

I wanted to leave you with a good memory of my mandate, making the end of these great years in charge to be as important for you as it has been for me. Leaving you with an ending that you will always remember for the responsibility that I acquired and the trust that all of you have given to me.

During this convention I have the great honour to introduce you to **Mika Vuorio**, the current vicepresident, as my successor, and I am sure that he will improve the work done until the now because of the attitude that he transmits.

Kind regards,

Urs Matter

Brunnen

The spectacular town of **Brunnen** is located in the centre of **Switzerland** next to the astonishing lake of **Lucerne**, surrounded by the spectacular mountains of the zone.

In Brunnen you can enjoy a visit to a **relaxing place** with magnificent surroundings, where all the people that visit the place for the first time want to repeat the experience. Moreover there are legends that surround Brunnen such as William Tell, the legendary Swiss hero.

Even King Ludwig II travelled regularly to the area to enjoy the **breath-taking views**, as did so many writers and painters such as Goethe or Spitteler in order to look for inspiration.

May is the best moment to enjoy the walks and excursions and enjoy the lake, swimming and sailing.

Keeping with the tradition of finding incredible routes, this area is well known, especially for the mountains of Urner Alb, the route of the St. Gotthard, or the route of Urnersee and for the more adventurous, a route to Mythen.

Each participant must book the Hotel themselves.

The Hotel

The chosen hotel for the 2019 convention is **Seehotel Waldstätterhof**, in Brunnen, an historical place, which has existed for more than 145 years, with all the necessary amenities for all kinds of relaxing activities and group work meetings.

The views of the lake and mountains make this place an ideal location to meet one more time with EUSGA members and enjoy a great time together.

Transfer

For those who travel directly to the hotel:

The airport of Zurich is approximately 60 km from the hotel, 53 minutes by car.

With public transport you can arrive with the train IR70, a trip of an hour and 5 mins, which costs 30 CHF (around 26 euros).

For those who meet at Kubo Tech AG

Take Taxi from Airport to Kubo Tech AG, Time 10 to 15 Minutes

The bus will leave at 12:00
Noon from Kubo to the Hotel
Please let us know your
travel plans so that we
can arrange the
appropriate size of
the bus.

Social Programme

This year the social programme will be focused on the splendid **mountains of Frohnalpstock** with a walk along the ridge. Besides this activity we will try the possibility of **taking a boat** that sails past the historical sites located **along the shore**

In order to be able to take part in the social programme you have to complete **the inscription with all of your information, including your companion, 15 days before the convention**, so as not to miss the opportunity of seeing the amazing surroundings of Switzerland.

New President

Mika

Dear Members,

Thank you for the confidence!

I have always highly appreciated the association and its experienced members. I feel honoured, humble and excited to start as a new **President of EUSGA**. Special thanks to Urs Muller for his great work for the association and his trust in me as a Vice-President and as his successor. During my two year mandate I will do my best to continue the excellent work that Urs and other previous presidents have started.

Since its **foundation in 2001** the mission of the association has been to create a highly qualified forum where distributors can improve their networking, meet the competition, study latest technical developments and learn more about the market. Always with the intention of being the best professionals in the field.

During my presidency I will continue the **mission of EUSGA**, hoping to accomplish all the general goals and the ones set up for 2019-2020.

For any suggestions I am at your disposal.

Thank you Kubo and Urs for the opportunity to enjoy this year's convention in the **amazing Swiss surroundings!**

Sincerely,

A handwritten signature in black ink, appearing to be 'Mika', written in a cursive style.
