European Seals and Gaskets Association

ANNUAL CONVENTION

2019
SEALS & GASKETS

ETOLA
GROUP

Dear Members,

I feel honoured to welcome you to the EUSGA 2020 convention as the President. Since it is my first year in the presidency, I am glad that the convention takes place in a very special location such as the beautiful city of Lyon. We will enjoy its charming surroundings with vineyards and astonishing gardens. It is also a celebration of my first convention as a President, so I hope you really enjoy it.

I would like to express my gratitude to Techné team, and especially to Marie, for hosting this event in their facilities in beautiful France.

As you all know, EUSGA was created as an association of companies that share their innovation, ideas and suggestions in order to progress, improve and help each other to become our best in the area we work in. In addition, we are a modern association that is totally updated on the new technologies. For this reason, I am glad to introduce the official EUSGA's LinkedIn group as a sign of a collaborative relationship in the most modern and successful social network.

Once again, I welcome you to this year's convention and hope we can make from it a gratifying network for us to improve in our field. I would also like to introduce you the Vice-President Steffen Ruhnau, whose professionalism and know-how will contribute in a positive way to our advantage. Should you have any suggestions or requests, I am at your disposal.

Best Regards, Mika.

A handwritten signature in blue ink, appearing to be 'Mika', written on a light background.

Dear members and guests,

Let me welcome you to my country, France, for this year's convention. It is a big pleasure to host this event in the Beaujolais and its amazing surroundings, so I really hope you enjoy your stay here.

I am very thankful to the President Mika Vuorio for his incredible job organizing the convention. There have been several months of hard work, but it is worthy: the executive committee and the technical secretary have done their best to make everything perfect for the convention. Moreover, I am honoured to open the doors of my second home, Techné, for you. I hope you feel comfortable in our facilities in order to make the meeting as productive as possible. Now more than ever I feel proud to be part of this huge and successful team that EUSGA is.

I hope this convention in our region will be both effective and enjoyable for all members and manufacturing partners. If you wish to stay over the weekend in the city of Lyon, we would be happy to help you

Looking forward to welcoming you
Marie.

Kind regards, Marie.

A handwritten signature in black ink, appearing to be 'Marie'.

Friday 15 May

09:00 - 12:30 Departure to Techné tour

(*) While the members are having the meeting, the spouses will be driven to the hotel in a private transport, courtesy of

BEAUJOLAIS:

Beaujolais is located in the eastern France, between the Burgundy and the Rhône wine regions. Its name comes from an historical province of France and it, in turn, takes the name from the Beaujeu Castle. Beaujolais is known for its **long wine tradition** and represents one of the main wine producer regions of France.

Nicknamed "Little Tuscany", this beautiful area is surrounded by charming hills and valleys. If you want to enjoy the region where Romans planted the first vineyards in Mount Brouilly, you can ascend this mountain and relax with the astonishing views of the hillsides.

You can also taste a delicious meal in a traditional Beaujolais bistro or go for a walk in the village of Oingt, which is full of **artisan workshops** and artists studios.

May is a good time to visit Beaujolais due to its warm and pleasant weather, influenced by the **Mediterranean climate**. The vineyards area is divided depending on the soil type, which gives each wine a different taste and style.

The main wine specialities of Beaujolais region are, in the first place, the Beaujolais AOC with its varieties in rouge, rosé and blanc. Those vineyards grow in a clay soil and the wine has a fruity taste.

Beaujolais-Villages is another kind of wine that grows in a sandy soil in the north of the region and has a higher quality.

Beaujolais has ten varieties of wine and is planted in a granite soil. The Cru wines are complex, different and with high quality.

Finally, the Beaujolais star is the Beaujolais Nouveau: a young wine planted between August and September and released in November..

CHÂTEAU DE PIZAY:

The chosen lodging for this year convention is the **charming** Château De Pizay hotel, on the outskirts, located 45 minutes from Lyon city. The beautiful Chateau was built between 11th and 19th centuries and has a special location in the heart of the Beaujolais, among the **vineyards**.

In a historical way, the Château de Pizay is one of the most **ancient treasures** of the feudalism period. Its name comes from the XI century, from the Pizay family. Its lovely garden was built in 1692. The vineyards consist of 75ha divided in 26ha of red Beaujolais, 19ha of Morgon, 18ha of Brouilly, 7ha of white Beaujolais and 5ha of Régnié wines.

Château De Pizay is not only a **beautiful** 4-star hotel suitable for meetings. You can also make an excursion to the vines, go for a walk in the French garden or simply enjoy a Spa relax session before tasting a **delicious** cocktail in the evening.

-Each participant must book the Hotel themselves. Important: Use Keyword EUSGA for booking.

See hotel Chateau De Pizay.

443 Route du Château, 69220 Saint-Jean-d'Ardières, France

tel: +33 4 74 66 51 41

fax: +33 4 74 69 65 63

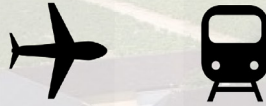

info@chateau-pizay.com

<https://www.chateau-pizay.com>

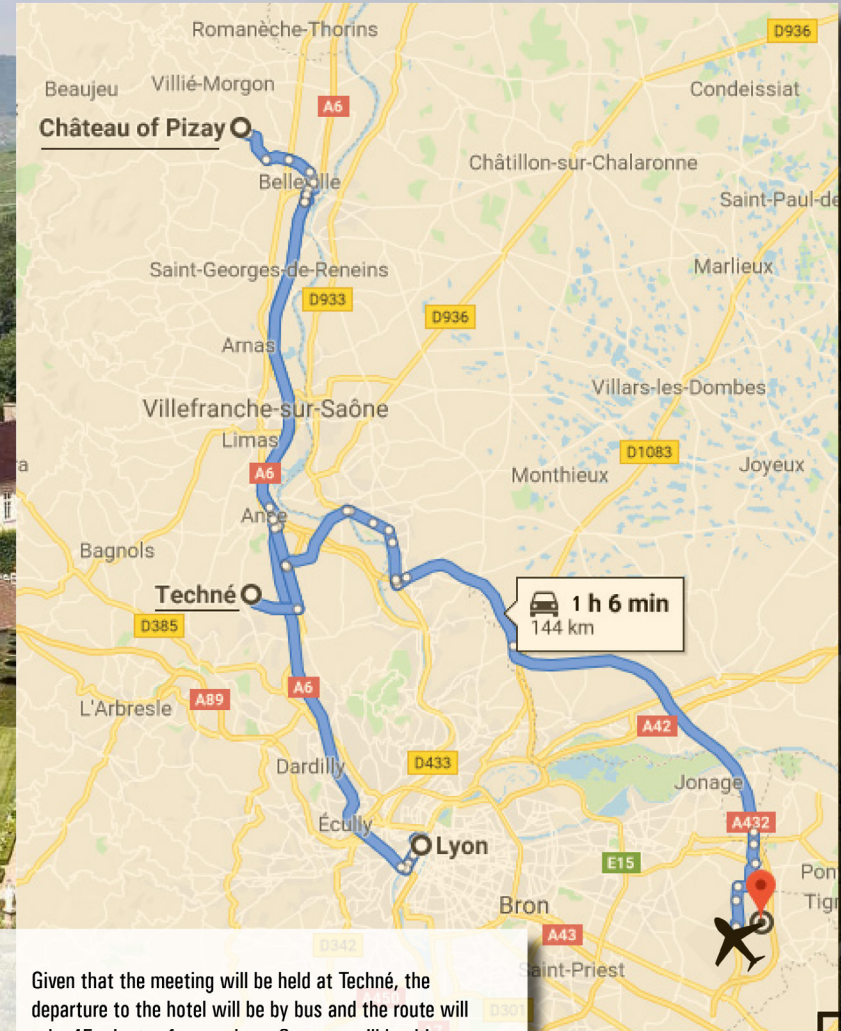

We have 48 Duplex Suites, 11 "comfort" rooms and 3 "grand comfort" rooms on hold.

Late registration risks being placed in another Hotel close to the Chateau De Pizay.

TRANSFER

From the train station **Lyon Part-Dieu** to **Techné**, there is a 35 minutes route by car. For those who arrive to Lyon by plane, there is a **50 minutes** route from the Lyon Saint-Exupery airport to **Techné**.

Given that the meeting will be held at **Techné**, the departure to the hotel will be by bus and the route will take 45 minutes for members. Spouses will be driven to the hotel by car by **Techné** team before the meeting.

PROGRAMME

SOCIAL

This year social programme will be focused on the astonishing surroundings of the Château de Pizay and the Beaujolais area.

Members will enjoy a wine tasting from the vineyards in the Château de Pizay facilities. Furthermore, the hotel provides several leisure activities such as tennis, spa-resort service or swimming pool to members and their partners.

In order to enjoy of the social programme, you need to fill in the form with all your information, including your companion's. This must be done 15 days before the convention starts, otherwise, you will miss the opportunity of tasting the best French wines in an enchanting place full of nature and history.

EUSGA ANNUAL CONVENTION 2020

Dear members,

First, I would like to say that it is a great honour to be at this year convention as Vice President. I am very grateful to the current President, Mika Vuorio, for his trust in me and I will do my best during this year and the following meetings.

Even though being part of the managing team of such a powerful and important association as EUSGA is a huge responsibility, it is an exciting challenge that I will relish with pleasure. All former presidents of EUSGA did a great job during their time in the presidency as well as the current President Mika is doing and I am sure will do so. In a humble way, I look forward to learning from them and from their contributions to keep the progress and innovation of EUSGA when my time as President comes.

I would like to say our President Mika has done a wonderful job for this year's convention together with the executive committee and the technical secretary. So, I hope you enjoy these incredible days that are coming.

I would also like to express my gratitude to Techné team for hosting this convention and letting us know a bit about Lyon and its beautiful surroundings.

As I said, I hope you will be delighted with this convention and, if you have any requests, I am at your service.

Sincerely, Steffen
